About

The Visionboard are samples of past contract works by Studeobar using Glastender, Winefit, Expo SRL, Blendtec, La Sommeliere. The works span hotels, casinos, resorts, casual diners and fine dining. They present the complexity and successes achieved in designing world class installations with advanced bar features.

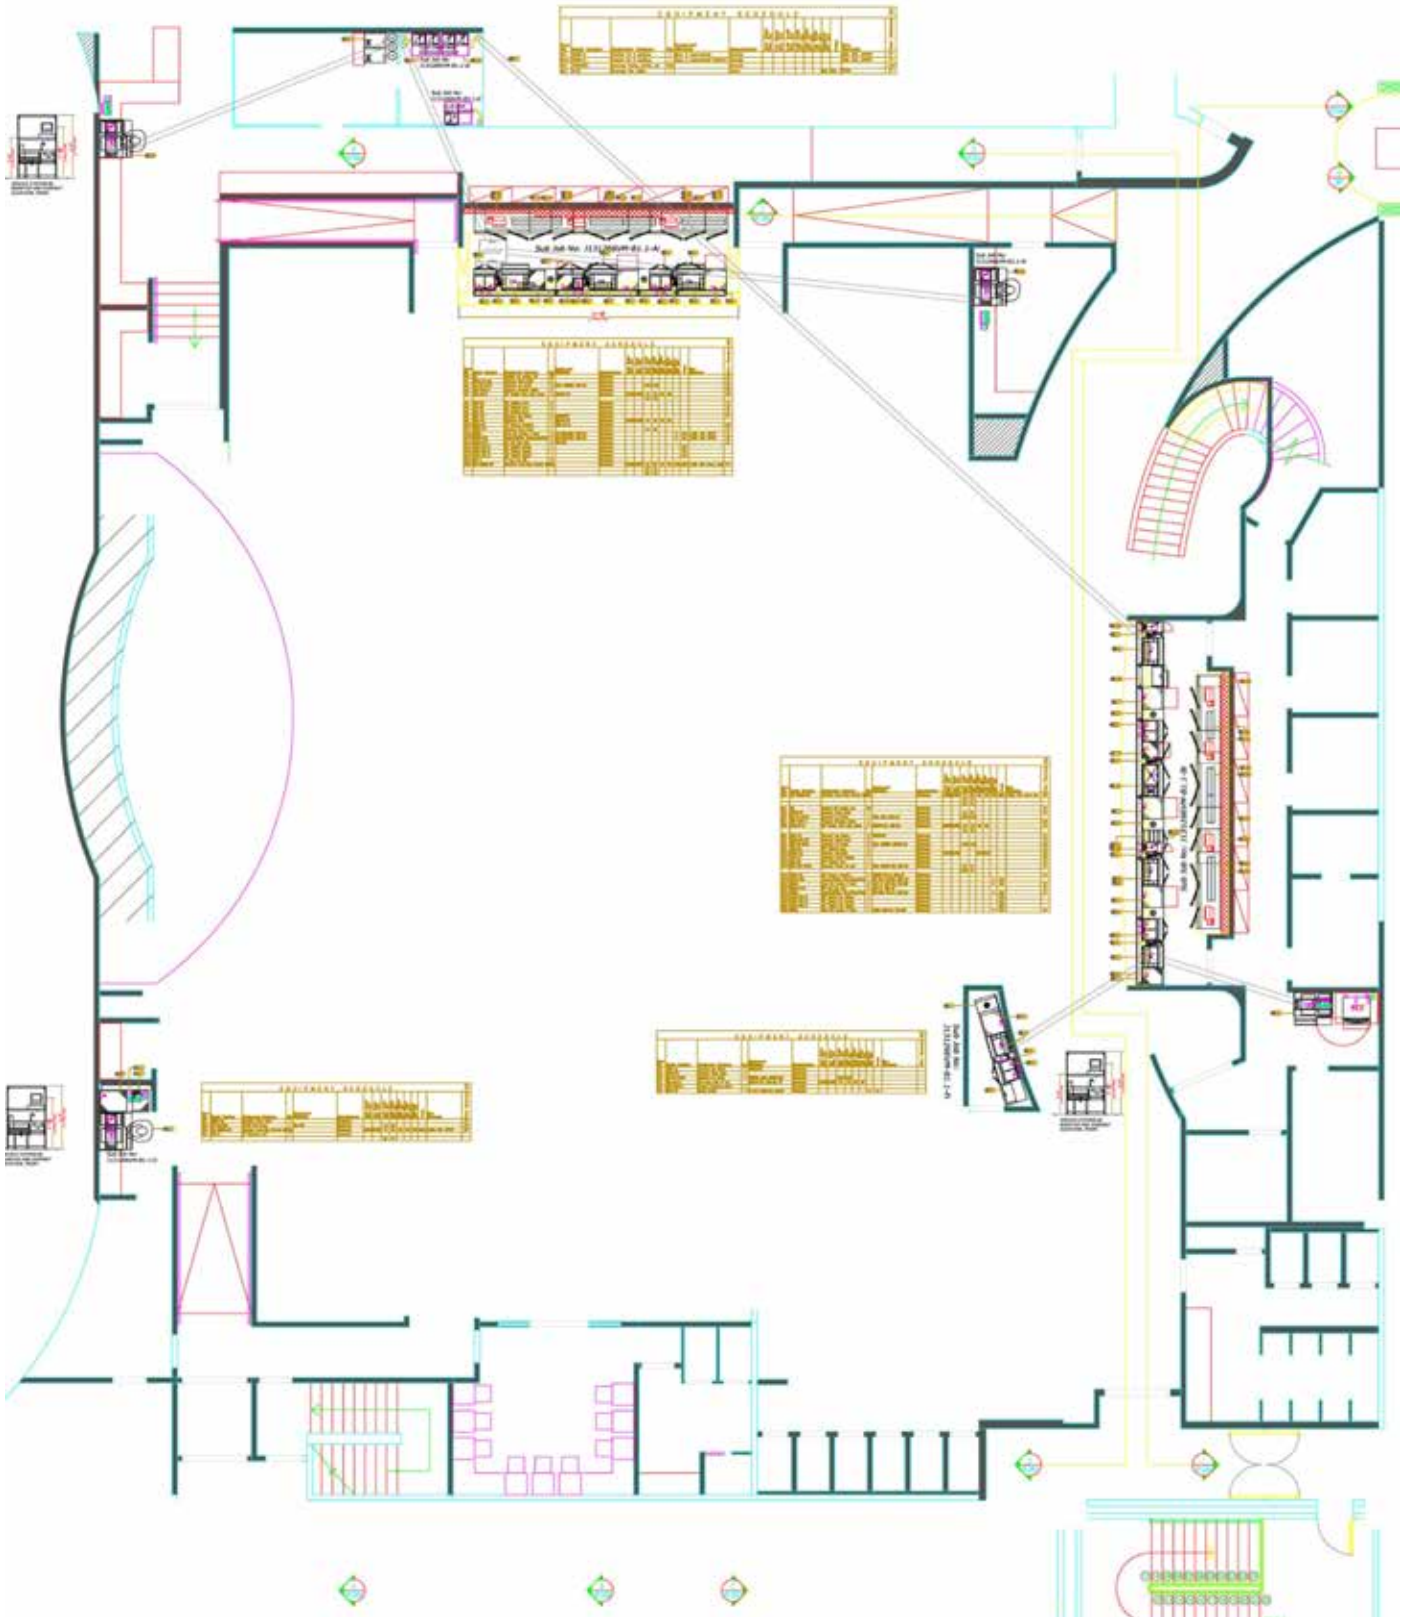

Luxury Hotel Nightclub Hyderabad

Luxury Hotel Bar Srilanka

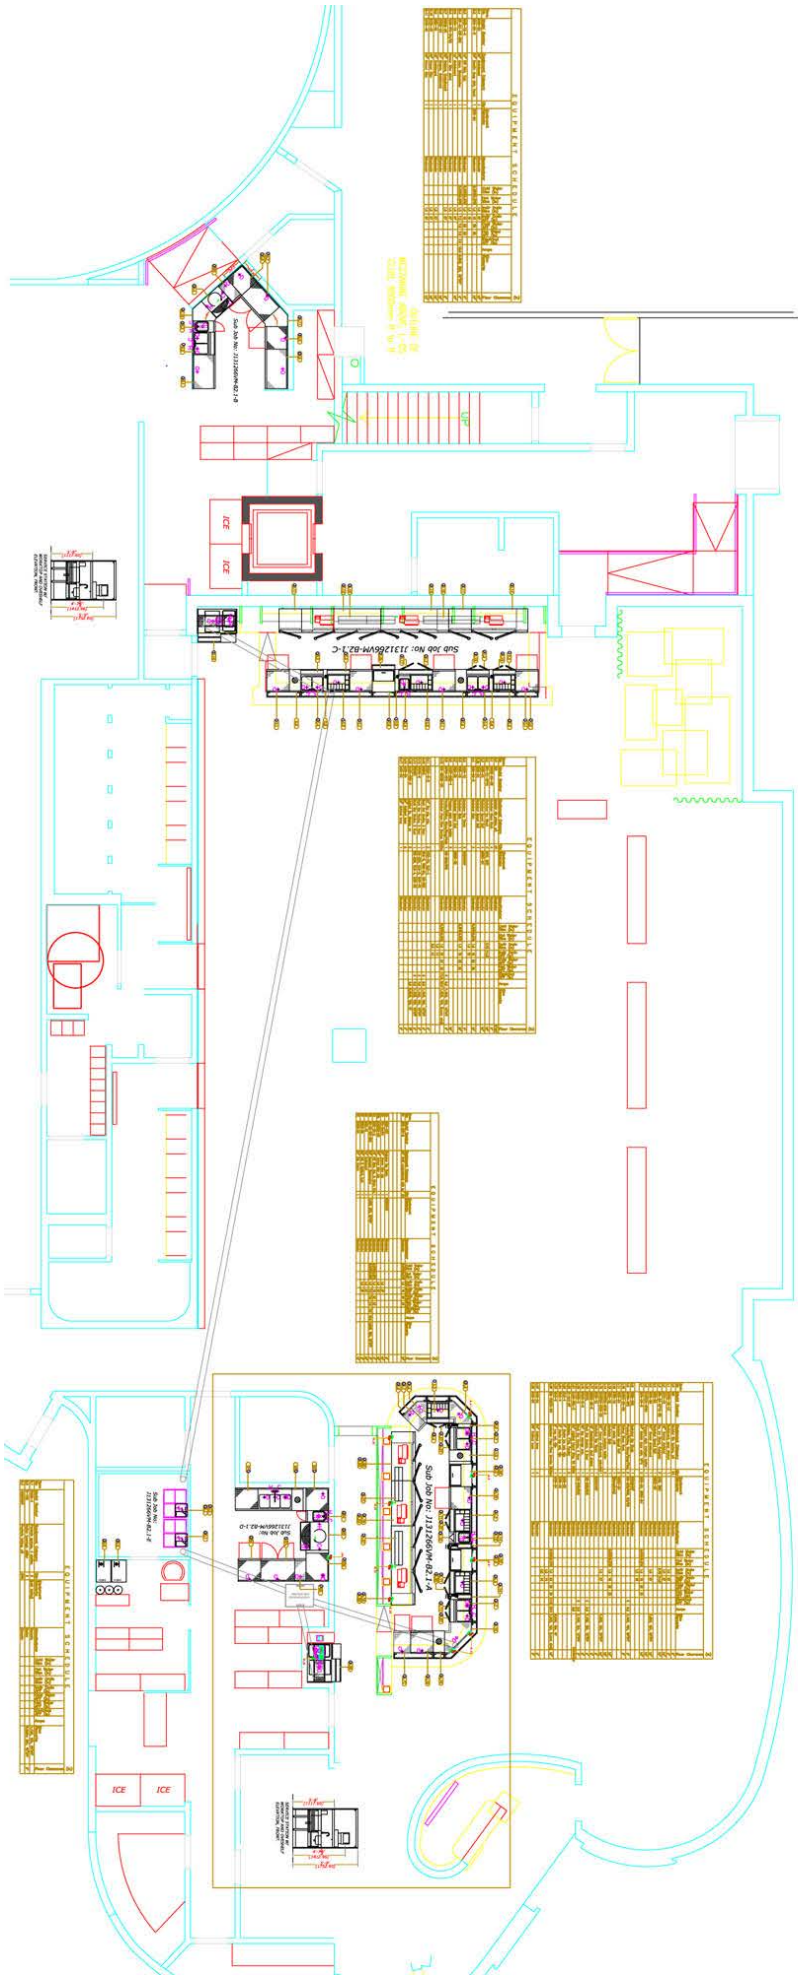

Casino Nightclub Manila

The drawing depicts lower level of the club with two main bars, a satellite bar, and four support bars with one centralized beverage reserve feeding soda and soft drinks into multiple stations.

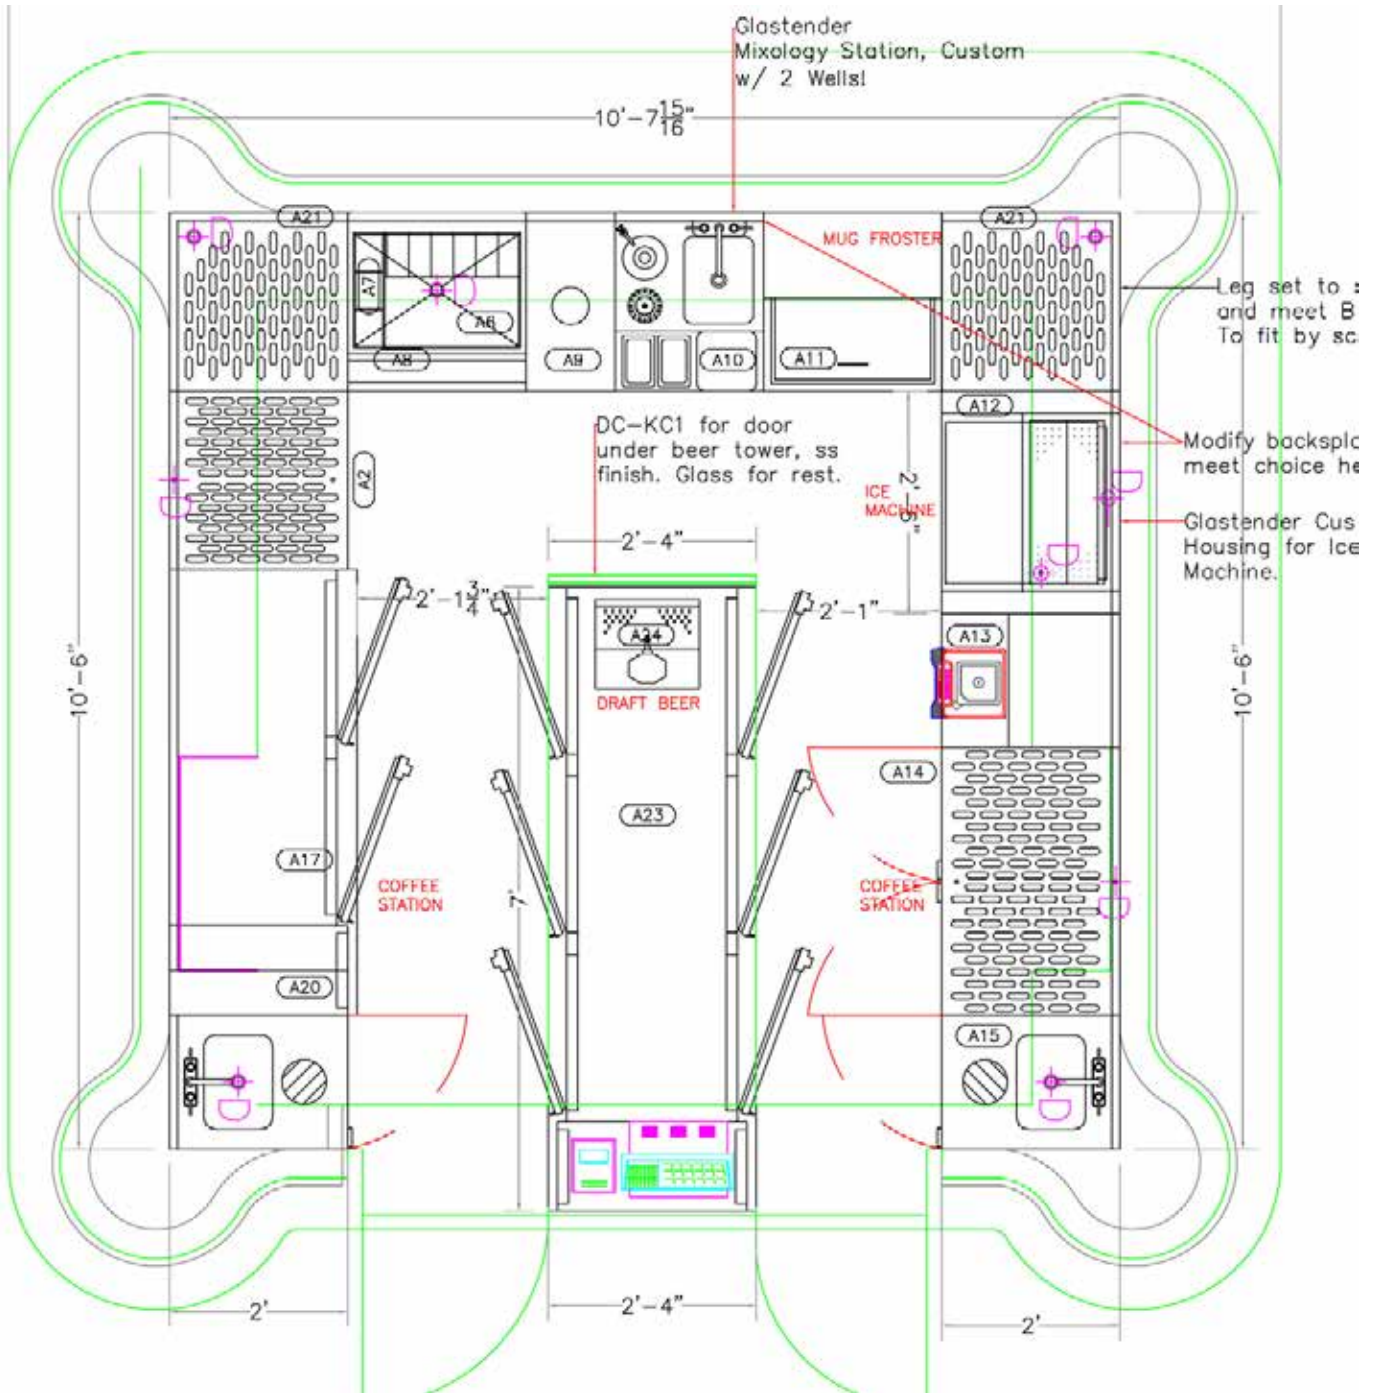

The drawing depicts two full service bars serving to PDRs with multiple bar trolleys to serve independently, and central soda reserve feeding carbonated beverages to the service bars.

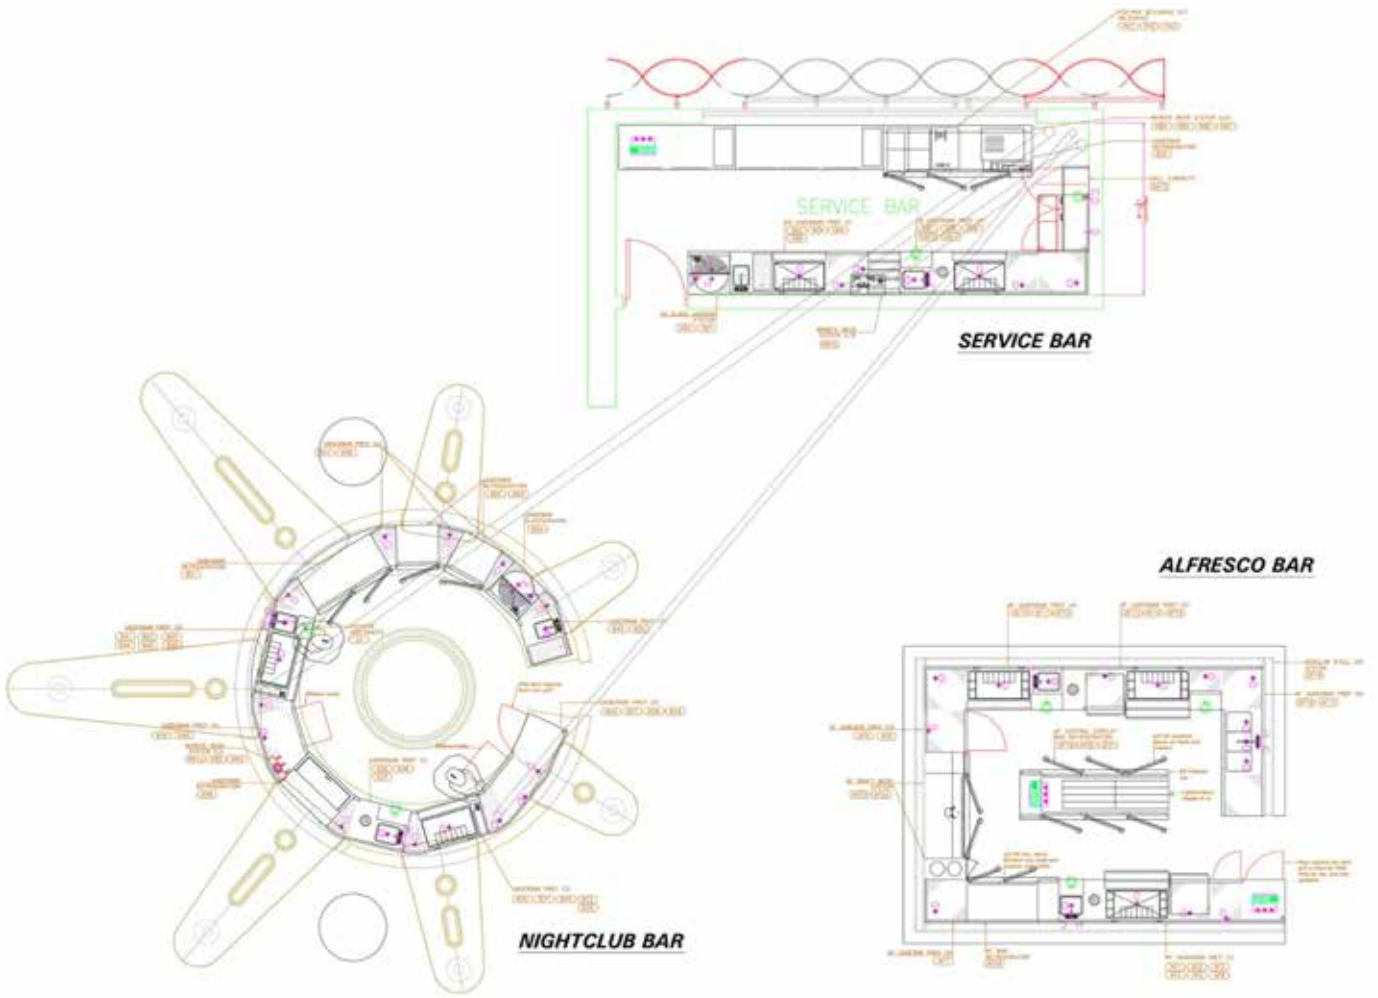

The drawing depicts main ultralounge with two main bars fed from central soda reserve to multi stations, two exclusive high volume glasswashing stations, two service bars.

Luxury Hotel Lobby Bar & Wine Display Jaipur

All American Mixology Restaurant Mumbai

This barplan was on specifications of NY based intl. bar consultants that own many successful bars in America, chiefly NY, Vegas and Denver. There are particulars to it, one aspect was the draft wine system served on the tap.

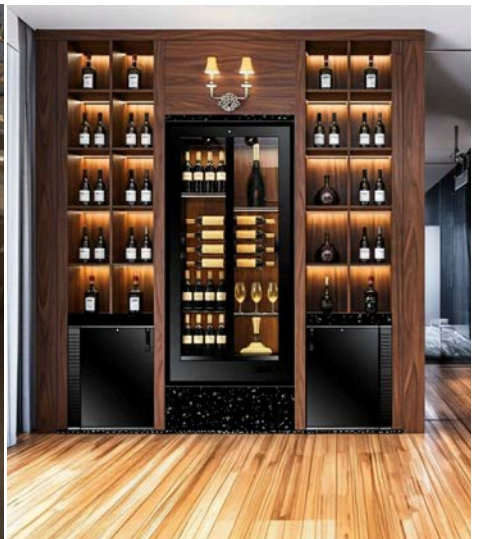

The Private Dining Area was set with drop in ice and sink station, a drainpan, and built in undercounter refrigerator.
