- Energy class: E
- Climate class: 3 (25°C - 60%)
- Vinotag compatible: YES

### Product Description

Two spaces with two different temperatures.

To display your most exclusive bottles vertically.

Highlight your wine collection with horizontal bottle trays.

Freestanding or built-in, you can install your wine cabinet wherever you want.

Designed to meet the needs of restaurants, this innovative wine cabinet has a fully modular interior, offering maximum flexibility for the storage and sophisticated presentation of wines. The wines are displayed horizontally, which facilitates the reading of labels and enhances the restaurant's wine list. Once displayed, the wine becomes a decorative element in its own right.

Its two independent temperature zones, with locks, allow different types of wine to be stored in optimal conditions.

In addition to its technical features, this wine cabinet is a real decorative asset, installed as a central element or on the wall, designed to enhance the establishment and its wine list and encourage tasting, creating a unique experience for customers.

#### DOUBLE DOOR

Two spaces with two different temperatures.

#### PRESENTATION TRAY

To display your most exclusive bottles vertically.

#### LABEL VIEW

Highlight your wine collection with horizontal bottle trays.

#### INSTALLATION

Freestanding or built-in, you can install your wine cabinet wherever you want.
